Consumer Notes:

The news this month is DVD again, but not like you might be thinking: Pioneer has slashed prices on Battle Athletes, DBZ, and Tenchi, and this looks to be the way things will now be. It's here to stay, folks ... if you didn't already know that. Past that, Mononoke Hime, more Dragonball Z, Cowboy BeBop, Tylor OVAs, Kimba and BGC 2040. On the adult side, there's the infamous Gonad the Barbarian / Search for Uranus DVD, another one of the "Darkness" series (Idol, this time) and the fourth Imma Youjo (which is surprisingly nasty and a surprisingly good seller)! Lots of Stuff!

JEFF'S PICK(S) OF THE MONTH

The no-brainer pick is Mononoke Hime. It's Miyazaki. It's amazing. Unfortunately (or fortunately, depending upon how you look at it), the DVD has been delayed due to fan pressure for Disney to add a Japanese w/English Subtitles track. Hopefully we'll see this before the year ends. So, if you want this for your store now, you'll have to pick up the rental VHS.
